## Description

The Ion S5™ Installation Kit contains all the reagents and materials necessary to do a full installation of the Ion S5™ or Ion S5™ XL System.

## Precautions

Handle biological samples and all other materials according to local laboratory guidelines and regulations. Avoid cross-contamination of samples and reagents to ensure quality results.

If equipment or reagents are used in a manner not specified by the manufacturer, the protection provided by the equipment may be impaired.

**IMPORTANT!** Do not substitute components in this kit with components from other Ion Torrent™ template kits. This protocol has been verified using these specific materials. Substitution may adversely affect system performance.

**Note:** Refer to the expiration date on the package label. Do not use kits after the expiration date.
